

# Creative Summer Camp Fun

## Challenging, Creative and Fun!

**Our camps combine creative learning with team based play** as campers learn to modify and extend existing popular video games in a networked environment.

**Using their imagination and critical thinking skills** they mold popular video games to their own designs then share and play them with other campers.

Xbox 360 and PC gaming stations for each camper provide familiar platforms to explore the latest tools and games at their own pace.

## Team Work and Variety!

**Multiple games and game types are chosen** to keep campers mentally engaged and learning the entire week. Game types include action, racing and strategy.

**Working individually and in teams**, their creative work can be shared and played immediately. It's a social and fulfilling experience without the drudgery of a classroom.

**We have just plain fun, too!** In addition to working on games, campers may participate in fun competitions such as cat and mouse, capture the flag and headquarters.

## Adult Supervised and Organized!

**Only 8 campers per instructor** allows campers to get the most out of their experience. Our instructors are gamers who have experience "modding" games and working with children and teens.

## Flexible and Convenient!

**Meals are available** for All Day campers or when schedules get tight.

**Extended day options provide flexibility** when plans change. Need some "down" time? We're open late every night.

**We serve snacks mid-class each day for every camper.** Minds work better when stomachs aren't growling.

## Convenient Schedule

**Ages: 11 to 16 years**

**Choose from 8 weeks of camps starting:**

June 1st    July 6th  
June 8th    July 13th  
June 15th   July 20th  
June 22nd   July 27th

**Choose from sessions starting:**

Morning            9:00am - 12:00pm  
Afternoon         1:00pm - 4:00pm  
All day             9:00am - 4:00pm  
Extended day     8:00am - 10:00pm

**Meals:**

Half day classes include a mid-class snack  
All day classes include a sandwich lunch  
Sandwiches are available for lunch and dinner

## Camp Fees

**Half day classes:        \$125/wk**

**All day classes:         \$250/wk**

**Extended day:         \$6/hr**

## Make it even more affordable!

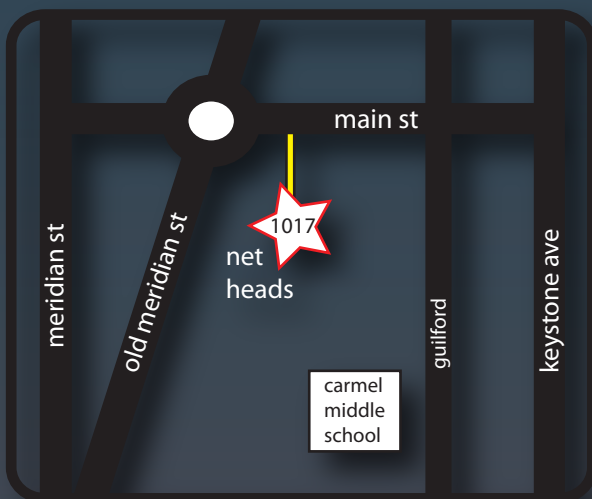

**Save \$25 by:**

- Referring a friend
- Bringing one or more siblings
- Signing up for additional weeks

Inquire about free scholarship seats for your school.

## Camp Direction

Our camps provide the most positive feedback in the shortest period of time to keep campers engaged in the learning process.

We focus on three segments:

- **Game play design**
- **Level editing**
- **Team development**

A different tool is used for each segment. The emphasis is on working with existing assets and environments in popular video games to move directly to the most rewarding aspect of game development.

**Game play design** is directed at making a game fun to play: objectives, pathways, rewards, character balance, scoring, learning curve and depth.

**Level editing** is critical when it comes to creating exciting, balanced, realistic virtual environments for players.

**Team development** on creative projects can be the most rewarding of all. Campers will cooperate to build composite objects in a giant multiplayer space using Gary's Modd - a free-form physics sandbox with over 1,000 pre-built objects with real life physical properties.

## All Day Camp Advantages

All day campers extract the most value from their time at camp.

All day campers use the afternoon to reinforce the exercises from the morning and delve deeper into the subject matter.

As a result, all day campers get much more supervised creative time than half day campers.

## Weekly Schedule

|           |                      |
|-----------|----------------------|
| Monday    | Game play design     |
| Tuesday   | Level editing        |
| Wednesday | Team development     |
| Thursday  | Explore further      |
| Friday    | Share your creations |

## Typical Camp Day

### Monday through Wednesday

|       |                                    |
|-------|------------------------------------|
| 8:00  | Extended day begins                |
| 9:00  | Learning the tools                 |
| 9:30  | Active tutoring                    |
| 10:00 | Creative time                      |
| 11:00 | Review your creations              |
| 11:30 | Self directed (campers choose)     |
| noon  | End of am camp (lunch for all day) |

As campers progress it is natural for them to find one segment more interesting. The last two days of the camp are structured to allow each camper to pursue those interests, enhancing or expanding the work they started earlier in the week.

### Thursday and Friday

|       |                                    |
|-------|------------------------------------|
| 8:00  | Extended day begins                |
| 9:00  | Advanced techniques                |
| 9:30  | Creative time                      |
| 11:00 | Final review                       |
| 11:30 | Game on!                           |
| noon  | End of am camp (lunch for all day) |

Afternoon schedule repeats morning schedule starting at 1pm and ending at 4pm.

Snacks are served at the stations at 10:30am and 2:30pm. All day campers are served a sandwich lunch at noon.

Campers may be dropped off 15 minutes before or picked up 15 minutes after camp with no extended day fees.
