

Fundraising That's Fun and Easy

The Net Heads Experience

We use state of the art video game technology designed especially for group enjoyment to organize themed, interactive fun and competitions.

Our upscale facility is equipped with 45 Xbox 360, Wii and PC gaming stations and provides the perfect location for your fundraiser.

Have a Fast and Easy Youth Event!

Our youth fundraiser is a snap:

1. Children invite their friends to your event.
2. As attendees arrive we collect an admission fee that you set.
3. Everyone has a blast for a few hours.
4. At the close of the event, we subtract our fees from the proceeds and you go home with cash.

It's easy on the children. It's video games, a party and their friends. They get it and their involvement and participation is positive and easy. They view it as fun!

It's easy on you. It all happens in a few hours with much less work on your part. No ordering items, accounting for inventory or collecting funds weeks later. No clean up effort, no delivering merchandise and no throwing out the stuff you bought because they couldn't sell it.

It's easy on attendees. The admission fee is typically affordable entertainment dollars already budgeted to be spent. Redirecting them to your effort is easily justified.

Make Your Event a Great Value!

We give every attendee a free two hour pass to use another day. That's a \$12 value - on us!

Set the admission fee a little higher and add our pizza to your party to improve your success.

Tips:

- Set a goal of three invitations for each member of your group. For example: 20 members of a soccer team would yield 80 attendees.
- Invite about twice as many people as you want to attend to achieve the results you need.
- Pick a time when attendance is easiest for everyone - after school or Sunday is best.
- Shorter events are more suitable for young attendees, longer times are better for older attendees and higher admission fees.
- Have more than one fundraiser over several months to reach larger goals.

Additional prizes, gifts and party favors are the responsibility of the hosting organization. Details and helpful tips are available at www.netheads.com.
